Policy Document Campus Development Cell

1. Introduction

The Campus Development Cell (CDC) of Deomornoi Degree College plays a key role in maintaining, developing, and enhancing the college campus with an emphasis on cleanliness, environmental sustainability, and eco-conscious infrastructure. It operates in alignment with the Green Campus Initiative, aiming to integrate environmental responsibility with institutional growth.

This policy document outlines the college's comprehensive approach to developing a clean, green, and sustainable campus, while fostering awareness and action among students, faculty, and staff.

2. Policy on Green Campus Initiative

The Green Campus Policy of Deomornoi Degree College is designed to promote eco-friendly practices and integrate them into academic life. The initiative not only targets campus-level sustainability but also encourages students and staff to act as ambassadors of environmental stewardship within the broader community.

3. Objectives of the Green Campus Policy

- To raise awareness among students, teachers, and non-teaching staff on the use of eco-friendly products and practices.
- To foster a collaborative culture of sustainability among all stakeholders.
- To implement and promote energy-efficient systems and waste management techniques.
- To promote plantation, cleanliness drives, and environmental events to build environmental responsibility.
- To encourage eco-conscious behaviour beyond the campus, spreading awareness to the local community.

4. Initiatives Taken Under the Clean and Green Campus Policy

- Ban on Single-Use Plastics within the college campus.
- Landscaping and Plantation: Seasonal tree planting, gardening, and greenery enhancement.
- Use of LED Bulbs and energy-efficient appliances across the campus.
- Rainwater Harvesting to conserve and reuse water resources.
- Promotion of a Paperless Office through digital communication.
- Implementation of:
 - Solid Waste Management
 - Liquid Waste Management
 - E-Waste Management
- Installation of Incineration Machine for safe disposal of sanitary pads.
- Green, Environment, and Energy Audits conducted annually.
- Creation of a Cycle Stand to encourage bicycle use.
- Observance of environmental commemorative days, such as World Environment Day.

5. Cleanliness & Waste Management

- Daily cleaning of classrooms, common areas, and surroundings.
- Placement of color-coded dustbins for proper segregation.
- Cleanliness drives organized regularly with active student and staff participation.

6. Plantation & Greening Initiatives

- Organizing seasonal plantation drives and nurturing existing green spaces.
- Collaborating with the Forest Department, NGOs, and local stakeholders.
- Encouraging the "One Student, One Tree" initiative.
- Developing a herbal/flower garden or nursery on the campus.

7. Energy Conservation Measures

To reduce energy consumption and promote energy efficiency, the following measures are adopted:

- Maximum use of natural daylight in classrooms and offices.
- Ensuring lights, fans, and equipment are turned off when not in use.
- Gradual replacement of traditional bulbs with LED lights.
- Installation of solar panels to reduce reliance on non-renewable energy.

Conclusion

Through the Campus Development Cell, Deomornoi Degree College is committed to building and maintaining a sustainable, clean, and green campus. This integrated approach reflects the institution's mission to create environmentally responsible citizens, support sustainable development, and set a positive example for the wider community.

IMPLEMENTATION AND REVIEW:

The policy was implemented on 10/04/2023, as per recommendation of the hon'ble Governing Body of Deomornoi Degree College and review on July, 2025

The policy is subject to periodic review by the concerned authority.
